YEAR 1951 WAS ONE OF PROGRESS AND PROMISE OF THINGS TO COME

1951 was a year of important events and happenings, many of which will have a lasting effect on the future of Campbell and its residents and businessmen. The year just passed saw the beginnings of new incorporation proceedings progress from their inception with a straw ballot to acceptance of final proposed boundaries and setting of the date for a special incorporation election by the county board of supervisors. During 1951, the merchants committee of the chamber of commerce also started work on a trading stamp plan which would provide savings to consumers in merchandise. Among the more important events of the year was the phenomenal growth of the grammar schools and high school of the area in completing additions to existing buildings and planning and starting construction on new schools.

Civilian defense took vast strides toward completion of its program, but formation of block warden groups was still lacking. A bond issue for construction of a hospital for residents of the Campbell-Saratoga-Los Gatos area fell short of the required two-thirds vote, but attained a majority. The Chamber of Commerce and Santa Clara County Bar Association joined forces to push the formation of a tri-community court setup in the area and the Chamber of Commerce board of directors acted to defeat a move to change mailing addresses of more than six hundred homes from the Campbell postoffice to the Los Gatos postoffice.

Labor difficulties had only minor effects on residents of the area, with only two tie-ups affecting local residents. Construction workers tie-up forced later opening of schools in the area and two restaurants in Campbell signed county labor contracts.

Government restrictions of vital materials caused minor delays in school construction, but at the close of the year, schools seemed to have solved the critical material problems.

A Campbell girl was reported missing for several weeks, but later returned to her home. Two youths were given jail sentences on charges of beating a school custodian and steps were taken to form a club for teen age boys who did not attend school. Arsonists attempted to burn the high school gymnasium, but were unsuccessful.

Many events, both large and small, were recorded in the pages of the Campbell Press and the following is a chronological list of highlights of the year as they appeared in the Press.

REGISTRATION DEADLINE NEARS; TRAILER WILL BE OPEN ON NIGHT OF JANUARY 17 FOR REGISTRATION

Thursday, January 17, is the deadline for registering to vote in the special incorporation election to be held on March 11. Deadline is set by law which requires that anyone not previously registered or anyone who has moved since they last registered, must re-register at least 54 days prior to the election.

Bert Legg, deputy chairman of the committee for Campbell incorporation and Mrs. Ethan Lanphear, registrar for the area, have been touring the area in a special trailer during the evenings to register residents. Legg stated that in only three nights work, they have registered 68 persons. Registration of this number represents a sum of $1338.24 which would be turned over to the city in state subventions and grants. Allocation of money is based on the number of registered voters in the incorporated area. Legg reports exceptionally good reception on the trailer registration plan but stated that the move is behind schedule because of the large number of persons who are registering. He also emphasized fact that the registrar receives only eight cents per name and stated that this amount does not even cover the cost involved in bringing the trailer to the homes of those registering. "This is definitely not a move to make money," he said. "We are only interested in seeing that the voters have the right to voice their opinions either for or against the incorporation move in the March 11 special election." He added that the trailer may work Saturday and Sunday afternoons in order to cover territory which might be missed.

Bert Legg announced today that the trailer for registering voters will be stationed in front of the Campbell Grammar school from 5:30 p.m. on the January 17 deadline. "We are making this move," he stated, "because the county offices close at 5 p.m. on January 17 and we wish to make registration available to everyone in the area.

Delivery Of New Phone Directory Starts

Delivery of the new Santa Clara county telephone directory, showing all Campbell, San Martin and Saratoga subscribers in a single convenient combined list, got under way this week, it was announced by W. E. Williams, Pacific Telephone District manager.

Listings for the San Jose and Santa Clara exchanges are shown in the back of the book as an added convenience to the customers, said Williams.

Initial distribution throughout the county of the new green-covered directory will be 20,450 copies, of which 17,000 will be hand-delivered.

Six tons of paper were used in printing the directory which contained 7,935 alphabetical listings for the three exchanges.

Williams indicated the progress of this area is shown by comparing the new directory with the 1897 edition which contained listings for all California subscribers. Dog-eared and well-worn, the year-old directory had but 22 listings for Campbell, San Martin and Saratoga.

Subscribers were urged by Williams to make new personal lists and to remove all valuables which may have been stored between the pages before disposing of the old directories.

COUNTRY WOMAN'S CLUB HEARS TALK ON 'TOLERANCE' MONDAY

Dr. J. C. DeVoss of San Jose State College, told members of the Campbell Country Woman's Club that intolerance is the result of the failure to understand people. The San Jose professor, appearing before the Campbell group at their Monday meeting, covered various phases of tolerance in his talk. Speaking in a conversationalist manner, DeVoss told his audience that many people find it necessary to pick out a weakness of a cerain group or race so that they may prove their own superiority.

He cited the crowded life prevalent in present day living as one of the reasons for lack of knowledge and understanding, stating that members of a family often fail to fully understand each other because of the speed of our daily living. He pointed out that this lack of understanding breeds intolerance and often indicates a lack on the part of the person criticizing.

DeVoss cited certain migratory tendencies on the part of various groups and races within the country and laid the blame directly on intolerance.

Former Campbell Teacher Now Teaching Abroad

Joan Pfeiffer, former teacher at San Tomas school, manages to combine her teaching career with world travel. San Tomas faculty recently received a letter from her telling of her holiday trips through Europe while teaching at a school for children of U. S. Army personnel in Nuremberg, Germany.

During Thanksgiving vacation, she took a trip through Italy which included stops at Rome, Pompeii, Isle of Capri and Sorrento.

Part of Christmas vacation was spent at Garmisch, a winter resort in the Bavarian Alps. She plans to spend Easter vacation in England.

Buc Cagers Prepare For League Opener With Mountain View Here

Campbell high school cagers will open their 1952 season with their first league tilt with Mountain View on the local courts tonight. Cage mentor Bert Robinson sang the blues this week in regard to the varsity tilt, commenting that the locals can win only if they play top-notch ball and improve their average in field goals. The Eagles, considered by many to be one of the leading contenders for the SCVAL championship this year, have the advantage of several returning veterans, while the Campbell squad, which has a practice game record of one win and six losses, is lacking in experienced men.

Robinson was optimistic about the outcome of the 130 tilt, however, stating that the lightweights can whip any team they face providing they play consistent ball. The 30's have won four and lost three of their practice games. Robinson stated that they have a smooth operating team and said that he expects great things to come from the lightweights.

Grammar Cagers

Campbell "A" team defeated Cupertino Tuesday at Fremont High school gym by a score of 2 to 19. Marshall James led Campbell with 14 points, with other point makers as follows: Lunt, 2; Esparza, 5; Dahl, 4; Waymire, 2; and Lafayette, 1. This gives Campbell varsity the lead in county league with consecutive wins over Santa Clara, Alum Rock, Sunnyvale, and Cupertino. League games remain with Los Altos, Mt. View and Los Gatos.

Campbell "B" team also defeated Cupertino yesterday by a score of 26 to 21. This gives the B team a record of two wins against two losses.

MENLO SPLITS CAGE TILTS WITH CAMPBELL

A vastly improved Buc varsity cage squad put up a stiff fight before they succumbed to the hard playing of a Menlo team on the local courts, 37-24. The 130's showed the difference in their tilt as they rolled over their opponents 47-30 in the preliminary. The Menlo varsity took an early lead in the contest, but a final period rally by the locals threatened them before they managed to stop the Bucs. Menloman Scott took game honors with a total of 13 digits, while Harris led the locals with ten points.

In the preliminary, the locals had no trouble in downing the Menlo squad as they took an early lead and continued to rack up points throughout the battle. Kelly took high point honors as he led the scoring with 12 points, while Lowden was top Menlo man with 10 points.

BUC CAGERS SPLIT WITH SANTA CRUZ

A high scoring Santa Cruz cage squad outpointed the local varsity on the Santa Cruz courts last Friday to win a 65-49 tilt. The Santa Cruz team had little trouble in whipping the locals for the second time this season. Santa Cruz took an early lead and ended the first frame with a 17-12 lead. Game high point honors went to Buc guard Cowden with 12 digits, while Santa Cruzmen Podez and Peirona led their team with ten points each.

The preliminary saw the Bucs squeak by a final period Santa Cruz rally to take the tilt by a close 36-39. The Santa Cruz rally was sparked by forward Monachello, who took high point honors with a total of 16, six of which he scored in the final period. Harold Shumway led the locals with a total of 14 digits. This was the second time the Buc 130"s have defeated Santa Cruz this season.

Superintendent Tells PTA Of Adult Education Program Here

Mr. Laurance J. Hill, principal of the Campbell Union High school, was the speaker at the January eighth meeting of the Moorpark PTA. Mr. Hill explained the Adult Education program being carried on in the district and gave a brief resume of the courses available. The classes ar organized to meet the needs of a large rural and suburban population. Subjects are added to the curriculum as there is a demand for them, and are discontinued when that demand ceases. On that basis, the variety of courses changes from time to time. Mr. Hill also explained that the Santa Clara County Hospital is included in the Campbell School District and there are approximately 150 children and adults who receive bedside instruction in academic and craft subjects.

At the present tmie, the Adult program has scheduled classes in Burbank, Moorpark, and Campbell High School. The new semester begins February first and there is a fee of one dollar for each course. Mr. Hill stated that a minimum attendance of nine persons is necessary to institute class instruction in a subject not previously included in the curriculum.

The second part of the program was provided by students of the school. Mrs. Melvin Fairbanks presented her fourth graders in three selections of choir reading. Mrs. Dale Ruf's fourth graders entertained with several dance routines, vocal and piano solos.

Mrs. Howard Womer announced that the PTA Children's Welfare and Rag Drive will take place during the week of January 14 to 18. Prizes will be awarded to the winning classes.

The school immunization program is to be continued with vaccinations given on January ninth.

The PTA has purchased an electric ceramics kiln and it has been set up in the school. New equipment for the kindergarten playground is being provided by the PTA and will be installed as soon as the weather permits work on the new play area.

Mrs. Floyd Dearborn announced the first meeting of a discussion and lecture course in "Understanding Family Problems." The group will be led by Dr. Clarence Angel and will meet at the Moorpark School Monday, January 14, at 8 p.m. Dr. Angel has arranged to present the film, "Preface To A Life," as a basis for discussion at the first meeting.

Mrs. Agnes Assante, assisted by the fourth grade mothers, served coffee and cake at the close of the meeting.

Olive Waldron Honored By Auxiliary Unit

Thirteenth District President Olive Waldron was the honored guest Wednesday evening when members of the American Legion Auxiliary No. 596 convened in the library clubrooms for their regular meeting. Also present for the evening was Thirteenth District Sgt. at Arms, Donna Peppin.

During the business session, which was conducted by President L. C. Fairchild, reports were heard from various chairmen, including the Child Welfare chairman, Mrs. H. A. Olson, who reported on two families being helped by the unit. Mrs. Guy Smith, who had been appointed by Mrs. Waldron to take over the duties of 13th District Poppy Chairman during the illness of Mrs. C. E. Fagalde, also volunteered to take over the post of Campbell Rehabilitation Chairman, during Mrs. Fagalde's illness.

As Rehabilitation Chairman, Mrs. Smith completed plans for the monthly hospital party to be given at the Palo Alto Veterans' Hospital January 16. Plans were also made for a number of the members to accompnay Mrs. Smith to the hospital Thursday morning, January 10, where they assisted the veterans in preparing supplies for the poppies which will be sold in this district during the annual memorial poppy day sales.

Entertainment for the evening was provided by Marion Hart, who played a flute solo accompanied by Gwen Robertson at the piano, both girls being from the Campbell Union High school. A humorous reading was also given by Mrs. Rex Fuller.

A smorgasbord supper was enjoyed by all the members and their honored guests following the business meeting.

GENERAL INFORMATION

The assessed valuation of all taxable property in the District according to the 1951-52 Equalized Assessment Roll is $18,080,820.00 (including the area commonly known as Bradley Manor No. 3). Legal proceedings are now pending involving the validity of the annexation by the City of San Jose of Bradley Manor No. 3 area. The assessed valuation of taxable property within Bradley Manor No. 3 area is $2,002,430.00. If it is finally determined by the Courts that Bradley Manor No. 3 area was legally annexed to the City of San Jose, said area upon such annexation by operation of law ceased to be a part of the Campbell Union School District and the assessed valuation of taxable property in the District would be reduced to $16,078,390.00. In the opinion of bond counsel the legal proceedings questioning the validity of the annexation of Bradley Manor No. 3 area to the City of San Jose do not affect the legality of the bonds as herein set forth, but the assessed valuation of all taxable property in the District upon which taxes may be levied for the payment of principal and interest of the bonds may be reduced depending upon the outcome of said litigation. The amount of bonds previously issued, and which will be outstanding as of January 21, 1952, the date of sale, is $634,-000.00.

Campbell Union School District has been acting as a school district under the laws of the State of California continuously since July 1, 1920.

DATED: December 31, 1951.

OUTLINING COUNTY DEVELOPMENT NAMED AS COUNTY PLANNERS' TASK

Karl Belser told members of the Campbell Rotary Club Monday noon that the two functions of the county planning commission were to map out an overall planning program for the county and to administer decisions on individual problems concerning planned construction and improvements. The member of the county planning commission staff told his audience that many of the problems brought before them entail a great amount of research and decisions regarding them often may have a far reaching effect on the general planning program for the county.

"Panning," he said, "is the job of outlining county development for the future." In this respect, Belser told of the three theories regarding county development which are now prevailing. Principle discussion is whether the county should feature heavy residential construction, attempt to hold as far as possible to an agricultural program, or encourage wide development of industry. Belser stated that he favored a balanced program which would attempt to strike a balance between the three phases of growth, thereby giving the county basis for an economy which would weather unknown events of the future.

He emphasized that while this plan is dependent upon conformity to the over all county plan, room must still be left for individual action. "While we may disapprove of the actions of a man who buys a large amount of acreage for the purpose of subdivision, we must still recognize that this is a free country and the individual is privileged to take certain actions which do not come under the authority of governing bodies such as the planning commission," he said. "We must, hovewer, see that the individual conforms to certain building and sanitation rules and regulations." He stated that for the most part, the county development program is controlled through zoning and building regulations.

Some of the problems which the planners face are brought about by the trend of decentralization in residential communities. "In addition," he said, "the county road pattern is quite inflexible and in many cases, creates quite a problem in planning new subdivisions."

Belser predicted that Santa Clara County would double in population during the next 25 years and suggested a broad economic base for county support, citing the example of the city of Detroit in experiencing a heavy cutback in auto production during the depression which dislocated the economic structure of the whole city.

Guests at the meeting included visiting Rotarian Al Mullen from Honolulu and Don Lukehart, student guest from Campbell High School.

Guest speaker at the next meeting will be Kevin Twohy, secretary-manager of the county safety council.

Conference On Motorist Eye Troubles Planned

Dr. Robert Jasmine of Campbell, member of the Central Coast and Santa Clara County Optometric Association, announced this week that a one-day safety conference devoted to the problem of Motorist's Vision has been set for 9:30 a.m. Saturday, January 19, in the Civic Auditorium in San Jose. Dr. Edwin B. Mehr will act as conference chairman for the Central Coast and Santa Clara County Optometric Association and Kevin Twohy, managing director of the Santa Clara County Safety Council, will be co-chairman of the conference.

This meeting will be attended by professional and other qualified persons from various parts of the state for the purpose of exchanging ideas and information on the important problem of driver vision as an element in traffic safety. Particular attention will be given to devising means of further educating the driving public on the seriousness of this element in accident prevention.

"Studies conducted in various driver clinics show that 90 percent of the decisions and actions of automobile drivers are based on what they see," Twohy pointed out, "and, of course, a driver must be able to see danger before he can take steps to avoid it. A great number of accidents which are sometimes assigned to carelessness are actually the result, not of lack of caution, but of visual defects which prevented the driver from sizing up a situation properly," he said.

Commenting on the aims of the conference, Dr. Mehr pointed out that one of the great problems lies in the lack of public information with regard to safe vision.

"Many people feel that if their distance vision measures '20-20' they are qualified as safe drivers so far as safe vision is concerned," said Mehr. "They overlook the possibility of other visual defects which many people have, such as defective side vision, indistinct color vision, imperfect depth perception, and other distortions. Many drivers so afflicted are not even aware that their vision is defective, and therefore present a double danger to themselves and others in that not knowing their visual defects, they can not compensate for them."

The Motorists Vision Conference will, in addition to general session, involve two panel discussion groups on "night driving" vision and vision in the driver education courses.

CD Issues Call For Radiologists

Richard Morton, head of the local civilian defense zone, issued a call this week for applicants to take a special radiological monitoring course in preparation for work which would include determination of radiation in areas struck by atom bombs. Morton stated that requirements for the course call for a college degree in any of the physical sciences or the equivalent experience in advanced radio or electronic training. He said that securing applicants with necessary requirements may prove exceptionally difficult due to the fact that those who might qualify are generally limited as to the spare time that would be involved in taking the courses.

"Those graduating from the course would probably not be called upon to perform their duties locally, unless the area was hit by atomic bombing," he said. "They would however, be called upon to serve in areas which were hit in an atomic bombing attack."

Morton also stated that screening of personnel for rescue squads will take place in the near future. "Formation of rescue and demolition clearing squads will take place as soon as screening of applicants takes place," he said.

Only slight progress has been made in recruiting of block wardens for the area. Teams of recruiters have been formed, however, and are now calling on residents of the area to sign them up. Between six and seven hundred wardens are needed in the area, but to date, approximately fifty persons have signed up. Recruiting of wardens is under the direction L. J. Hill, and anyone desiring to volunteer their services should contact him at the Campbell High school.

Adventists Hold Officers' Meet This Week

Key church officers of the Campbell Seventh-day Adventist Church met with ministers and conference officials for a two-day church officers' institute at Fresno last Monday and Tuesday.

Those who attended from Campbell were C. L. Lingenfelter, pastor of the local church and Gordon E. Greene, missionary leader. Approximately 400 persons from the denomination's Central California Conference attended. Meetings were held in the Fresno Adventist Church.

The session opened at 10:00 a.m. Monday, with a devotional address by C. L. Bauer, of Glendale, president of the denomination's Pacific Union Conference. Other officers from the Pacific Union Conference attended, including Donn Henry Thomas, director of public relations.

Two new motion pictures were shown during the session. One, produced by the Pacific Press Publishing Association at Mountain View, promotes the weekly magazine, "Signs of the Times." The other, "Religion Goes To Press," was produced by the denominations public relations office in Washington, D.C. Plans for church activities during 1952 were made by delegates.

In charge of the event was R. C. Baker, of San Jose, president of the conference.

SISTER CALLED BY DEATH

Mrs. A. J. Emery, of San Jose-Los Gatos Road, received word last week of the death of her sister, Mrs. Margaret Sherry, of Pittsburg, Pennsylvania. Mrs. Sherry was 82 at the time of her death

Nixon To Speak

Senator Richard Nixon has accepted the invitation to be the speaker at a Lincoln Day dinner at the Scottish Rite Temple in San Jose Wednesday night, February 13, at 6:30 o'clock. The dinner is open to every person interested in the welfare of America, regardless of political opinion. Tickets are to be had at the Denny-Watrous box office in the civic auditorium, or from any of the Republican organizations of Santa Clara County, all of whom are participating in the dinner.

WHAT'S YOUR OPINION?

In order to keep residents of the area informed on all opinions and sides of the incorporation issue, the Campbell Press is seeking letters from residents of the area stating their opinions and revealing their reasons for either opposing or favoring incorporation of Campbell. The Press will publish any opinions on incorporation which are either mailed or brought into this office. If you have a point which you believe has an important bearing on incorporation, write the Press. Anonymous letters will not be accepted.

TO ATTEND CONVENTION

Several members of the Campbell Junior Chamber of Commerce are planning to attend the National Junior Chamber of Commerce convention in Dallas, Texas, during the latter part of May.

Members discussed their mystery "Shooting Star" program at their last meeting. A committee was appointed to contact Judge Martin S. Walsh to map out the Jaycee pancake and waffle supper for Old Settler's Day festivities.
